

A Mic for
All Meetings

ATND1061

Beamforming Ceiling Array Microphone

The **ATND1061** Beamforming Ceiling Array Microphone is an ideal solution for conference rooms, boardrooms, and meeting spaces large and small. The microphone may be used singly or in multiples (for larger meeting spaces) to capture every person speaking in a room with clear, natural audio that reduces distracting environmental sounds. A state-of-the-art professional product in a familiar form factor (roughly the size of a wireless access point), the **ATND1061** is easy to install, set up, and operate.
